JACQUES CAVALLIER BELLETRUD

PERFUMER

BIOGRAPHY

Company formation / group

Louis Vuitton

Jacques Cavallier Belletrud joins LV as perfumer-in-house. The trend of perfumers-in-houses goes on in luxury. A big challenge for Cavallier who was used to work for fashion or fragrances brands. In his future laboratory in Grasse, he will give all his talent and passion to compose for a unique brand with high values of timelessness and art (tradition, craftship, excellence). A very expected coming back in fragrances for the brand after 'Eau de Voyage' and other perfumes nowadays discontinued.
